

SHERWOOD PRIMARY SCHOOL

YEAR 1 REMOTE LEARNING PLAN

Tuesday 2nd March 2021

CORE LEARNING TASK FOR ENGLISH

Yesterday you wrote the beginning of the story of Peter Pan. We were so impressed with your amazing writing! You used some fantastic adjectives to describe the characters and remembered your capital letters for names.

Today you are going to write a description of Neverland. Watch the video on our class page so you know how to structure your description.

Remember to say each sentence out loud before writing it down. Start each sentence with a capital letter and end it with a full stop and don't forget those exciting adjectives! Can you challenge yourself to use a list of three adjectives?

We look forward to seeing your work on Seesaw.

CORE LEARNING TASK FOR MATHEMATICS

Today we are continuing our work on subtraction but we are going to start taking away 2 digit numbers. You are going to need to remember to use your jottings from last week. But remember we only need to draw jottings for one amount.

Once you have drawn the jottings cross out the smallest amount and this will give you the answer.

Watch the video to show you how we set our work out and an activity to get you warmed up.

We look forward to seeing your work on seesaw.

KEY VOCABULARY

Maths – subtraction, taking away, minus, difference,

English – tropical, spectacular, dazzling, enchanted.

Challenge - What do these words mean? What could they be used to describe? Can you use them in your writing today?

WIDER CURRICULUM TASK

Healthy Hearts
Home Physical Education

Can you complete the circuit with a partner, encouraging each other?

How to play:

- Layout 5 markers in a space around your area. These are your 5 cardio circuit activities.
- **Station 1:** Perform 10 star jumps.
- **Station 2:** Perform 10 mountain climbers.
- **Station 3:** Skip or jump for 10 seconds.
- **Station 4:** Perform 10 burpees.
- **Station 5:** Jog on the spot for 10 seconds.
- How many times can you repeat the circuit?

Can you keep trying even if you feel tired?

Top Tips
Break into a sweat!
When we increase our heart rate, more blood pumps around our body providing oxygen from the lungs to the muscles.

Let's Reflect
Were you able to work hard and increase your heart rate?
Do you understand why it is important to raise our heart rate and keep active?
