Although my son hasn't used all of the things Pupil Premium has to offer, it has been a great help and as a family we are very grateful for the opportunities it has given him. Thank you!

The support has been amazing and the opportunities the children can access is beyond what I would have expected. My daughter particularly loves her drama enrichment.

Without the pupil premium my daughter would not be participating in enrichment provision. She has loved school from the day she went into reception class. Pupil premium has been such a massive help for her to be able to learn and achieve more at school.

My daughter is progressing really well with her booster classes. She also loves her drama enrichment and music lessons.

I'm happy with everything. Thank you.

My child is doing really well and he loves going to BASE and playing chess. The provision is fabulous.

Overall I think everything is great.
