

MY FAMILY!

The children have enjoyed listening to stories on the theme of families this week. They have engaged in our activities to produce some lovely work!

The sunshine came out and the class explored the outdoor Adventure Area. They had fun creating space rockets, obstacle courses, water play, small world and making meals in the outdoor kitchen. All fantastic for developing language, knowledge and skills across the EYFS curriculum. Please view our **gallery** on the website.

The children have all been working very hard in their phonics groups this week. There will be more information about this and how to support your child at home with their phonics learning at our **information evening**.

NEXT WEEK

There is an **information evening** for Foundation parents on Thursday 28th September at 6pm in the school hall. Lots of important information will be shared about our Early Years Curriculum and how best to support your child at home. We ask that parents **do not bring any children** to this meeting. Thank you for your support – we look forward to seeing you there!

We start our '**People who help us**' topic next week! We will have some exciting visitors coming to talk to us!

HOMEWORK

Next week, we will begin our Special Times learning in RE. Please talk to your child about times that they celebrate with family or friends. This could be special occasions, birthdays or achievements in sports. Ask: have you enjoyed celebrating? Why? With who? What was your favourite part? Bring a photo in on Thursday to share or email it to eyfs@sherwood.lancs.sch.uk.

REMINDERS

Please log-in to School Spider so that you can receive notifications and make appointments. Last week, all parents were sent an email with the log-in information and instructions. Please contact school if you have any queries. Thank you.

Please complete and return the Annual Parent/ Carer Permission Form if you have not done so already. Thank you.

Please donate any **junk modelling** for our creations – rolls, boxes, pots. Thank you.
