

# YEAR 3 REMOTE LEARNING PLAN

## Core Learning Tasks for Thursday 26th March 2020

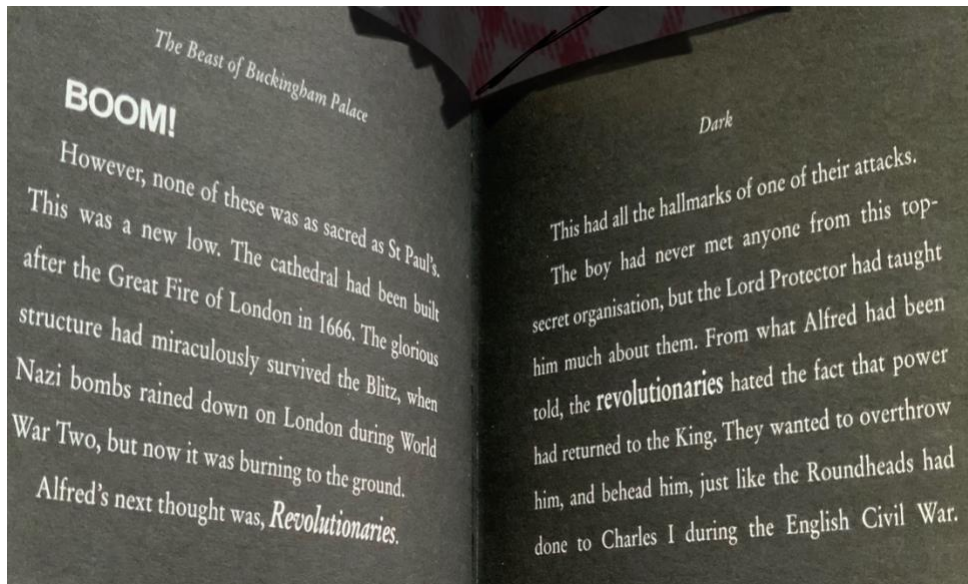

### CORE LEARNING TASK FOR ENGLISH

Good morning everyone! Hope you are well. This work can be spread out over two days. Don't rush it.

Here is a piece of text. Can you do three things? Read it and...

1. Identify any vocabulary you would love to use. Write some new sentences with your favourite vocabulary in.
2. Find any subordinate clauses. Remember – they don't have to be at the start of a sentence.
3. Play 'Brilliant to Boring' - find a brilliant sentence. What makes it brilliant? Think about its structure. Re-write it in a boring way. It sounds daft but it really helps you to see how amazing the brilliant sentence is! For example – 'The delicious apple, glowing on the table like a globe in the sunlight, was so tempting to eat' could be 'The nice apple was on the table and I wanted to eat it'

### CORE LEARNING TASK FOR MATHEMATICS

We need to learn more about the passing of time.

During the day, calculate how long it takes to do tasks. Write it down. For example:

Went for a walk – 35 minutes  
Ate tea – 25 minutes  
Art – 55 minutes

Add two or three of your total times together. Try different combinations. Don't forget to convert to hours and minutes too.

Tea + walk = 60 mins = 1 hour  
Art + tea = 80 mins = 1 hour 20 mins

**MENTAL MATHS** – Listen to Mr Sutcliffe giving you a special Mental Maths test. The video will be on the website page. The answer video will be posted Friday.

### ENJOY LISTENING TO STORYTIME

Find the episodes of Mr Sutcliffe's storytime on the webpages. Relax!

### KEEPING IN TOUCH

If you have any questions or queries regarding remote learning tasks, please contact your child's class teacher through the email address below.

We invite you to submit photographs of your children's experiences and photographs of completed paper based tasks to:
