

YEAR 3 REMOTE LEARNING PLAN

Monday 30th March – Friday 3rd April 2020

KEY VOCABULARY

lava	Semi-fluid rock erupted from a volcano
mantle	The layer of earth between the Earth's crust and core
magma	Semi-fluid rock beneath the Earth's surface.
tectonic plates	Part of the Earth's surface that move in relation to one another
algorithm	A list of steps to solve a problem

During the last half term we have focused on understanding and using the above vocabulary.

In Geography, find out about an earthquake that happened somewhere in the world. Make a poster full of facts and drawings. It could answer the following questions: Where did it happen? What did people do? Why did it happen? How did it change things?

Watch the video link to help:

https://central.espresso.co.uk/espresso/modules/news/tv_news/geography/050329g_earthquake.html?source=search-all-all-all&source-keywords=earthquake

ARTS/MUSIC FOCUS

Take time to play some music at home. Move about to the music if it is that sort of music too! Think about the instruments that are being played in the background. Why have they been chosen to be played? Are they helping to create the right mood in the music? Login into Yumu – its Charanga for pupils. Use it like your teacher does and enjoy all the resources. <https://charanga.com/site/> (Use the student login!)

Username: Sherwoodmusic Password: Funkybeat1

Complete the activity in Espresso. It's a simple bit of fun but helps you think.

<https://central.espresso.co.uk/espresso/modules>

SCIENCE AND TECHNOLOGY FOCUS

Now here's some scientific questions to answer! If you have bigger feet, does it mean you will always jump further? As we grow, does it mean we can always do different more with our bodies? Think about skeletons. As they grow, our bodies grow. Please research and list what changes happen. Find the difference between a baby's skeleton and an adults.

KEEPING IN TOUCH

If you have any questions or queries regarding remote learning tasks, please contact your child's class teacher through the email address below.

We invite you to submit photographs of your children's experiences and photographs of completed paper based tasks to:

year3@sherwood.lancs.sch.uk

SPELLING/PHONICS/READING

Please continue to learn to spell these words: length, library, minute, naughty.

Write sentences with them in until you know them. Fun spelling test coming on Friday!

STORYTIME – Keep watching and listening to the ongoing story of the Grunts – play the video on the Year 3 page. Listen carefully because our writing tasks will follow the text in some way!

KEY MENTAL MATHS SKILLS TO REHEARSE ORALLY

Right – lets start learning the 3, 6 and even the 9 times tables. It's a great opportunity to master them!

Start with the 3 x tables. Write them down. Then the 6 x tables. Write them down. Note the ones in both – if you know some facts, you'll know more!
