

RELAX, UNWIND AND MORE IMPORTANTLY HAVE FUN

Well, strangely enough Year 5, we have completed the first two weeks of remote learning and we've come to the end of the Spring term.

All of the Year 5 team hope you have a well deserved break as you have adjusted so well. We have been so impressed at how hard you have worked and it has been great to see how you all have completed tasks in different ways.

So it's time to relax, ready for the Summer term of remote learning. For those that wish to, we have put together a number of activities that you might want to complete.

EASTER EGG COMPETITION.

It's that time of year again when the school is filled with your Eggstastic creations for the annual decorated Easter egg competition. This year it will be a little different, with creations being photographed and sent in. They can be as large as you want. BE CREATIVE!

See the School newsletter for more information.

ACTIVITIES FOR BOTH RAINY AND DRY DAYS.

- Design the best parachute to protect a boiled egg.
- Make a den in your home or back garden using equipment agreed with parents.
- Collect some nature things from outside and draw these in your books.
- Paint rocks and turn them into animals.
- Make your own board game.

THE GREAT BUG HUNT.

The Association for Science Education have opened a competition for primary aged children called 'The Great Bug Hunt 2020' which sets out a challenge in which children look for bugs they can find in the garden.

Please see <http://www.schoolscience.co.uk/bughunt> for more information.

KEEPING IN TOUCH

We will not be responding to emails during the Easter break. However, please take photos, if you wish, of the activities the children choose to complete – sending these to the same email we have been using. Remember though that there is no pressure to complete ANYTHING over Easter.

Subject to continued school closure, remote learning plans will again become available on the class page once we return for the Summer term.
