

# SHERWOOD PRIMARY SCHOOL

## YEAR 5 REMOTE LEARNING PLAN

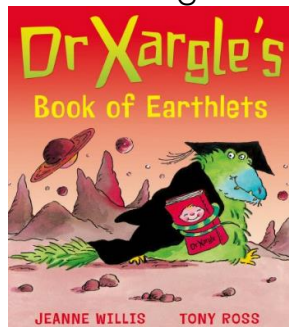

Wednesday 6<sup>th</sup> January 2021

### CORE LEARNING TASK FOR ENGLISH

Today, you will be reading a very different type of text – but still from the Science Fiction genre. Watch the English video to complete your grammar warm up and then pause when instructed, to read Dr Xargle's book of Earthlets!

Your task today is to use both yesterday's story (The Fun They Had) and ideas from Dr Xargle, to write a space diary entry. Follow the video for further instructions and a modelled start point! Remember to think about your handwriting, spelling and punctuation, and submit your work on SeeSaw. Once you have finished, listen to Chapters 2 and 3 of Aquila. Happy Writing!

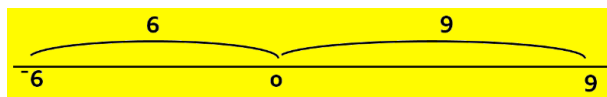

### CORE LEARNING TASK FOR MATHEMATICS

Good morning Year 5. Today, again, we will be continuing our work looking at Negative numbers. If you look through the Flipchart found on the remote learning page and complete the tasks set, forwarding them on SeeSaw to be marked.

Start on a section that you feel comfortable with before having a go at the Challenge and then the Plenary task.

Remember though, when reading scales and moving from a negative number to a more positive number, for instance -6 to 3, we need to count to 0 first. This means from -6 to 0 is a step of adding 6 units before moving to 3 which would be another 3 units. So, in total we would move 9 units. In most of the questions this would mean an increase of 9° Celsius.

### KEY VOCABULARY

Today's word of the day is,

**LIGHTHEARTED**

*An adjective which means carefree and happy.*

So pleased that you could jump for joy Investigate the word and put in a sentence and follow along with Mr Stanton in the short video to the word rap.

### WIDER CURRICULUM TASK

It's PE day. Climb into your PE kits and get ready to work your muscles to Joe Wicks and one of his workouts.

Follow the link below to one of the workouts we have chosen for you. We will be completing the workout in school also.
