

Put the responsibilities below into the correct column under the area of your lives it represents or make up your own responsibilities for each area.

After you have a selection in each column you need to decide who is responsible for these things. Is it yourself? Your parents? Your teachers? Everyone?

<p><u>Home</u></p> 	<p><u>School</u></p> 	<p><u>Environment</u></p> 

Responsibilities: preparing lessons, making breakfast, completing home reading, not to harm or bully each other, look after your environment, setting the table ready for dinner, putting things in my locker, learn as much as you can and share your experiences and knowledge with others, help others who are in need through charitable work, respect other religions, have clean clothes.
