

## Choose a Strategy – Multiplication and Division

- Look at the following calculations. Choose the ones which you can do in your head or with a jotting and calculate the answers.

$48 \div 4 =$	$60 \div 3 =$	$90 \div 6 =$
$98 \div 5 =$	$92 \div 4 =$	$80 \div 8 =$
$80 \div 4 =$	$48 \div 3 =$	$77 \div 3 =$
$65 \div 5 =$	$85 \div 5 =$	$100 \div 5 =$
$69 \div 3 =$	$160 \div 8 =$	$104 \div 4 =$

- For the calculations that are left, use division by grouping on a number line (chunking) to find the answer.
