

# SHERWOOD PRIMARY SCHOOL

## YEAR 1 REMOTE LEARNING PLAN

Friday 22nd January 2021

### CORE LEARNING TASK FOR ENGLISH

Today you are going to make a kite out of any materials you may have in your house. Ask an adult to put the kite somewhere where it is tricky to get it down – maybe a tree in your garden or somewhere inside your house that is out of your reach. What could you throw at the kite to try and get it down? See if you are able to rescue it then describe what you did.

We look forward to seeing photographs and videos of your kite and your rescue mission on Seesaw!

### CORE LEARNING TASK FOR MATHEMATICS

This morning, you are going to apply all you have learned about grams and kilograms to some word problems. Watch the video on the website to see an example of this type of open ended challenge. Then have a go at the one assigned to you on Seesaw.

Remember to show as many different solutions as you can.

### KEY VOCABULARY

**Maths** – grams, kilograms, weight, mass

**English** – couldn't, shouldn't, wouldn't

**Challenge** - Which words are these contractions shortened from? Practise spelling them then try using them in a sentence.

### WIDER CURRICULUM TASK

#### Listen and appraise

In music today listen to this piece of music. What can you hear? Can you find the pulse (beat) of the music? Is it similar to any other music you have heard?

Continue to practise the Makaton to A Million Dreams. We have a few more weeks to perfect our signs before we create our school music video!
