We would then like the children to complete the Mental maths Spring Test 4 (available on the Year 3 remote learning page). The answers are also up on the remote learning page so you can go through them with your child at home. Please send in your scores through the Seesaw app.

KEY VOCABULARY

Key vocabulary you will come across this week include **mass, capacity, intervals, estimation, muscles**. If you are unsure about the meaning of any of these words use [Thesaurus and Word Tools](#) | [WordHippo](#) to check their definition or try and work out the meaning from the context in which they are used.

WIDER CURRICULUM TASK

Art – LO: To create a 3D dragon's egg from papier mache. This task is for two afternoons.

Resources you will need: **balloon, newspaper, paintbrush, half a cup of flour, half a cup of water, bowl to mix flour and water in to make your glue paste.** Watered down PVA glue also works as a glue. Tomorrow, use **paint and coloured paper** to decorate in the style of Gaudi's mosaics. You may embellish with **glitter, jewels**, etc if you have them! Watch the tutorial by Mrs Brown. Let your egg dry overnight, then paint it the next day and decorate it like Gaudi! This link also shows you how to make your egg, but **flour and water** work just as well.

Please leave your egg whole, unless you would like to make a little dragon to go inside like your character!
