

SHERWOOD PRIMARY SCHOOL

YEAR 5 REMOTE LEARNING PLAN

Tuesday 2nd February 2021

CORE LEARNING TASK FOR ENGLISH

We LOVED hearing your limericks yesterday! Well done! Today we will be focusing on our next piece of writing – and this time it is Non-Fiction! By the end of next week, you will be producing an information leaflet which includes a non-chronological report about a planet PLUS an explanation text!

So today, we will be watching some videos, hunting for some key vocabulary AND learning a Talk for Writing passage that we can use to help us with our introduction to our Non-Chronological report, next week!

You will start the lesson with a grammar task on

[Espresso](#)

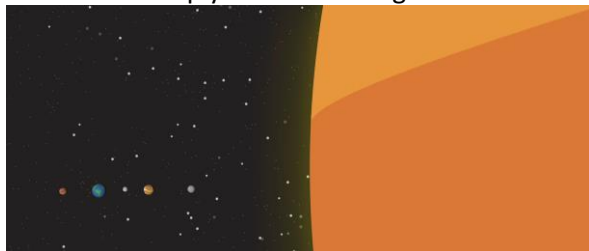

The videos you will need are:

[Planets](#)

[Bitesize](#)

[Espresso Planets](#)

So begin by watching Mrs Sheppard's video and she will help you work through the tasks!

CORE LEARNING TASK FOR MATHEMATICS

Well, here we are on day 2 of our dive into learning about common measures we might use on a daily basis. Well done yesterday on the conversions completed between mm, cm, m and km. Today we take you a little further by looking at capacity and weight. Watch the video produced by Mr. Stanton before first answering the questions on 24 hour time.

Once you have done that, think about how we might weigh and measure liquids and solids using weight and capacity. Think about the process of converting between the different units and completing the tasks set. We look forward to receiving your work over Seesaw.

KEY VOCABULARY

Spelling Focus.

Before we continue onto our new learning for this week we need to revisit the words of the week previously given.

Once you have completed these we will move onto the new words for this week which are,
Desperate, excellent, government, lightning and excellent.

Work on learning these words using a variety of techniques to include muscle memory, pyramid words, etc.

WIDER CURRICULUM TASK

French

Today, we would like you to spend some time refreshing your French Vocabulary. Begin your lesson by playing [Dash and Blink Forgotten French](#) which will reinforce learning you have already done.

Once you have refreshed this, try completing the number match sheet on the website. If you need a reminder, watch [this video](#)

Our new learning, this week, is all about pets and animals. Watch and sing along to [this song](#) and then work through the matching activity on the website. The answers are also available for you to check and self mark. Bonne Chance!

Spelling

Please watch Mrs Sheppard's video to test yourself on last week's words of the week, and learn and practice this week's words.
