

SHERWOOD PRIMARY SCHOOL

YEAR 6 REMOTE LEARNING PLAN

Date Friday 5th February 2021

READING WITH YOUR CHILD

Please continue to read daily and record this in your diary. Each week (**Tuesdays**), you will be assigned a focused reading task via Seesaw. Please read the text and complete the task set.

CORE LEARNING TASK FOR ENGLISH

Today, we are going to continue our new English unit and explore fact and opinion within non-fiction texts. Please see the Powerpoint presentation and Miss Terrell's tutorial videos.

You also have a spelling activity on the letter string -ough.

CORE LEARNING TASK FOR MATHEMATICS

In maths today, we are going to continue to look at how to calculate the average. This is very MEAN, because you have to add up all the items of data and then divide it by how many items in the set!

We will also mention the median, which is another type of average – make sure that you know the differences between both.

1, 3, 3, **6**, 7, 8, 9

Median = **6**

1, 2, 3, **4**, **5**, 6, 8, 9

Median = $(4 + 5) \div 2$
= **4.5**

Please watch the video and view the presentation. Complete the task and check your answers.

Send your work via SeeSaw so we can check you have understood.

WIDER CURRICULUM TASKS

Macbeth Books:

Continue with your Macbeth books, edit and improve your work and present it as a final piece. Try to finish them by Monday.

Art

Create a collage using your design based on Gustav Klimt's '**The Kiss**'. Think about the colours used and the repeating geometric shapes and patterns that Klimt uses in his designs. Think about the materials you can use. Again, spend time making this a really interesting piece (you could extend this into the weekend, so we aren't expecting you to upload and finish it today).
