

SHERWOOD PRIMARY SCHOOL

YEAR 5 REMOTE LEARNING PLAN

Friday 12th February 2021

Curriculum enrichment tasks

As it is our final day of remote learning for this half term, we thought we would create a 'menu' of activities for you to choose from. All of these tasks link with our curriculum over the past half term but we thought it would be exciting to allow you to choose what you want to focus on! So look down the list of tasks and choose a minimum of two activities to complete today. We would love to see photographs of you completing these activities, so send them through to SeeSaw! Enjoy!

- Choose on the books that we have looked at this half term and write a detailed book review that can be displayed in class or the school library. This could be your Guided Reading Text, The Boy at the Back of the Classroom, Aquila, your Pathways book etc. There is a template for you on the website but be as creative and detailed as you can!
- Create a music video for The Fresh Prince of Bel Air song? You will need to learn it all by heart and include costumes and props – watch our video for ideas!
- Create a scaled model of our Solar System! You can use salt dough or papier mache or anything that you have to hand. Make sure you focus on the accuracy of the size comparisons. This video will help!
- Can you create some graffiti art? Watch this video for starter instructions. Choose a word that links with our current situation. For example, HOPE, PERSEVERANCE, TOLERANCE etc. Take your time and focus on detail. Again, we will display some in class.
- Enjoy baking? Interested in Space? Why not follow this Solar System Cookies recipe? We would love to see your creations (and wish we could taste them!) - you may need a few ingredients for this, so check you have them first.
- You could create your own set of Space themed Top Trumps cards! Think about the different categories you could use (number of moons, distance from sun, size, atmosphere etc). There is a template on the website for you to use if you decide to choose this activity.
