

SHERWOOD PRIMARY SCHOOL

YEAR 4 REMOTE LEARNING PLAN

Date: 10/2/2021

CORE LEARNING TASK FOR ENGLISH

Please watch today's English video, then write your next two paragraphs for your 'Is it right to capture wild animals and keep them in zoos?' discussion text. Your key skill today is using commas in complex sentences. Read each sentence with your 'Kung Fu Punctuation' before you write it down.

CORE LEARNING TASK FOR MATHEMATICS

Mental Maths

Complete the mental maths test. Listen to the test and try to complete the questions without pausing the test. Use the answers to mark your work and get instant feedback. Upload a copy of your work to SeeSaw.

Column subtraction

Today we will look at how we subtract numbers using a written method.

Watch the video introduction on the Year 4 webpage.

You will notice in the video that time is spent visualizing the numbers by drawing the units, tens and hundreds. We will then model the column subtraction.

The key questions you need to be able to answer:

- What happens when we haven't got enough of one place value? We then exchange.
- How do we do this?

Answer the questions assigned on SeeSaw.

KEY VOCABULARY

subtraction column exchange place
value observation tone pattern

WIDER CURRICULUM TASK

ART

Our aim today is to use fine control with a pencil to make detailed, analytical observational drawings.

Pick one of the lace patterns on the Year 4 webpage. Extend the pattern to fill the other half of the page. We are looking for careful observations of line, shape and tone through thick or thin lines.
