

# SHERWOOD PRIMARY SCHOOL

## YEAR 5 REMOTE LEARNING PLAN

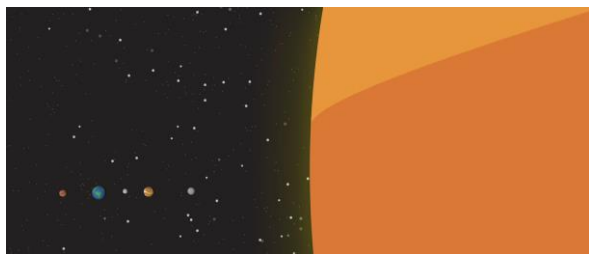

Wednesday 10<sup>th</sup> February 2021

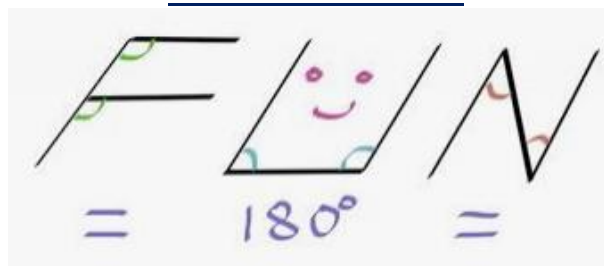

### CORE LEARNING TASK FOR ENGLISH

Today we will begin drafting our non-chronological reports. We will complete this tomorrow. On Thursday, we will spend the afternoon session, designing our leaflet (including illustrations and fact boxes etc) but today, we will just be writing a draft. Do not forget to focus on the **core** writing skills (capital letters, punctuation, neat handwriting, varied sentence starters) as well as your **key** writing skills, which are outlined on the video.

Make sure that you have your research notes in front of you, as well as your list of adverbials/cohesive devices that you wrote down when watching the penguin video last week. Follow Mrs Sheppard's draft, where she begins her own Non-Chronological Report about Earth. Remember that you are writing about your OWN choice of planet (the one you have researched).

### CORE LEARNING TASK FOR MATHEMATICS

Following on with the theme for this week, today we are going to continue looking at working out missing angles along a straight line, around a point and within shapes.

Watch today's video before making a choice. If you feel confident with the tasks set then move onto the work set which isn't included on the PowerPoint. These questions involve using all of your understanding to solve complex shapes with angles missing. You might need to use knowledge of angles around a point, found on a straight line or corresponding opposite angles.

If you think you need to build a little more confidence, try the questions found on the PowerPoint. Use the video to help you, and watch previous ones as well.

Good luck today, we hope you enjoy the tasks and look forward to receiving your work a little later.

### KEY VOCABULARY

Today's word of the day is,

**ominous**

*An adjective that means scary, threatening, or menacing*

Investigate the word and put in a sentence and follow along with Mr Stanton in the short video to the word rap.

Also continue to learn previous words of the week using a variety of strategies.

### WIDER CURRICULUM TASK

#### P.E

We have really enjoyed seeing the videos that you have sent us of your cricket lessons! The children in school have been doing them at the same time as you! Today there will be a further lesson added to the [Cricket YouTube](#) channel for you to follow along with. Keep sending through your videos!

#### Guided Reading

We have assigned you each a Guided Reading Task, which you will find on your SeeSaw Activity list. Carefully watch through the provided text and follow the instructions given. This will tell you how we want you to respond to the work (either recorded audio or written)
