

SHERWOOD PRIMARY SCHOOL

YEAR 5 REMOTE LEARNING PLAN

Thursday 11th February 2021

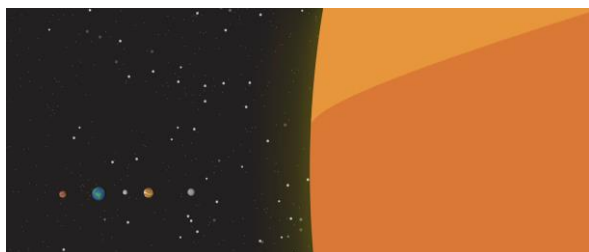

CORE LEARNING TASK FOR ENGLISH

Today we will write our Explanation text, which will EXPLAIN how the process of Day and Night works. Remember that the key features of an explanation text are;

- Written in chronological order
- Contains a process or cycle
- Tells the read HOW and WHEN something occurs
- Is written in steps
- Contains adverbials and conjunctions to link the steps.

Your first task is to look back at your Science work from Thursday 28th Jan (2 weeks ago!) where you studied the Day and Night process. Then watch these videos as a reminder [BBC Bitesize](#), [Video two](#).

Finally, follow Mrs Sheppard's video, where she will start each 'step' for you. We have also put a key word mat on the website to help you with the correct vocabulary.

CORE LEARNING TASK FOR MATHEMATICS

This morning we will be continuing the theme of calculating angle size using our prior knowledge. Please watch the video by Mr. Stanton looking at the ways we might solve the problem put in front of us.

We are going to give you a choice of work to complete but if you check your Seesaw account it will let you know where we think you should start off.

If you want to try a variety of questions please do as we will, as always, give you feedback. Please make sure that you clearly identify the questions you are completing.

For our starter we are using the Millionaire game again which can be found here,

http://www.primaryresources.co.uk/maths/powervpoint/Mixed_math_millionaire.ppt

Mental Math's.

There is also a Mental Math's video spoken by Mr. Stanton to complete with the answers going up around School lunchtime unless you would like ourselves to mark them for you.

ENJOY YOUR PENULTIMATE DAY!!

KEY VOCABULARY

Your spelling lesson today focuses on HOMOPHONES – words that sound the same BUT are spelled differently and have different meanings. Watch the video to hear the words and then use Word Hippo or a dictionary/thesaurus to find the two different meanings for the 'same sounding' word.

WIDER CURRICULUM TASK Science and English

This afternoon, we would like you to 'publish' your leaflets! Please watch Mrs Sheppard's video where she will show you how she has started her example AND the structure that the Space Agency have requested!

Take your time with this! If you need to finish it on Friday or over half term then you can but please ensure they are sent through to us on SeeSaw before school starts again on Monday 22nd Feb.

It may also be worth looking at the [example pages](#) produced by some of the Year 6 children. Their work is about Palm Oil but is presented in a similar way to what we are looking for.

- **Detailed and labelled diagrams and illustrations**
- **Neat, correctly spelt and punctuated writing.**
- **Clearly labelled subheadings and captions.**
