

L/O – To understand the key points in a letter and to write a letter for a purpose.

After reading or listening to the story 'Dear Dragon' write a letter to the mysterious (and cute) Sherwood dragons. You do not need to add rhyme but you must tell the dragons about yourself and ask them questions to find out things about them.

There is a sentence to get you started. As it is our first letter to the dragons, we will need to keep some of the formal parts of a letter.

Have fun!
