

SHERWOOD PRIMARY SCHOOL EYFS NEWSLETTER

Week ending: 19th January 2024

“Little Pig, Little Pig let me come in!”

We have had a super week exploring the story, 'The Three Little Pigs'. The children enjoyed learning the repetitive phrases and joining in with telling the story using their best expressive voices. We learnt about speech bubbles and had a go at thinking of some things that the different characters might say. The children have been building their own houses in the construction area and have learnt how to use an iPad to take a photograph of it.

Earlier in the week we wrapped up and enjoyed the beautiful snowy weather! Please enjoy the photographs on the gallery on our school website: <https://www.sherwood.lancs.sch.uk/work/snow-much-fun/87296>

COMMUNICATION AND LANGUAGE

Please take some time to look at the new 'Communication and Language' page which you can access from the Foundation Class page on the school website. You will find lots of useful links and tips to support your child with their communication and language development at home.

STARS OF THE WEEK!

This week our Shining Stars of the Week are:

Eliza
Fatima
Florence
Harlen

Well done!

HOMWORK

This week we have started some short handwriting sessions where we have been practicing our letter formation. We have started by working on our 'ladder letters'.

litujy

This week we would like you to have a go at practicing your ladder letters at home. Please do this sat at a table and remember to try and sit your letters on the line. Please see the document on our school website to help your child form their letters correctly.

LIBRARY BOOKS

Please remember that all children visit the library on a **Wednesday**. Library books must be returned in book bags in order for your child to chose a new book. It can be upsetting for children if they are unable to swap their book.

NEXT WEEK

Next week our learning will all be around another traditional tale, 'The Three Billy Goats Gruff'. **Please can every child bring in a yoghurt pot and a cardboard tube.** We will be using these for our forest school activity.
