

Date:	12th January 2024
Attendance:	All children present – MC, ZB, ID, FL, SC, KC, ZP, IL, GK
Apologies:	ED,

Agenda

1. Suggestion boxes.
2. Eco Warriors/School Climate Action Plan.
3. AOB

Item	Summary of Discussion/Actions	By whom
Suggestion Boxes	<p>Children brought suggestions from the class suggestion boxes.</p> <ul style="list-style-type: none"> • Recycling day – Year 4 – Children suggested looking at class recycling boxes and bins to see where recycling could be performed where it isn't already. Link this in to a day of making/producing items to be used such as bird feeders, bug hotels, plant pots and growing media, etc. • Eco friendly books – Year 4 – Suggestion to investigate books that are eco-friendly. Discussed a book has already been introduced using recycled paper. We can tell this by the colour of the paper. Find examples for the next meeting. • A greater number of Outdoor days – Year 6 – Mr Stanton very pleased to hear this suggestion as a positive comment on the provision of outdoor learning. We have to be careful to ensure the curriculum is covered in depth but the suggestion will be investigated further. Suggestion of Outdoor learning as part of a club after school as well as a possible conclusion. • Greater use of I-pads in class to reduce the need for paper and exercise books – Year 6. Fantastic idea but MS discussed the need for some evidence in books and the use of electricity, but a good idea which can be discussed further with Mrs Lumb. • Class Plant – Year 6 – Suggestion made for every class to have a class plant which the children are responsible for. • Make an eco-area on the Junior playground – year 4 – Unsure as to the suggestion of what this child would like. Year 4 representatives to go back and ask for a bit more information. • Greater occurrence of meetings – Year 4 – Suggestion made that we could meet on an even more regular basis to discuss ways of moving forward more regularly. 	<p>MS and council members.</p> <p>MS and JL Eco Warriors to look for examples.</p> <p>MS and JL</p> <p>MS to discuss implications with JL</p> <p>MS and JL</p> <p>MS to discuss with JL. Suggestion for the School council to consider.</p> <p>MS discuss with JL</p>
Climate action plan	<p>Mr Stanton returned to discuss the Schools Climate action planner which would be filled in to produce a School Climate Action Plan. The plan would be shared with the eco council for agreement before being presented, possibly in an assembly, in the New year, for the whole school to follow. This would give us a number of areas to work on to reduce the schools carbon footprint and to help everyone in the school community to understand the issues surrounding the climate crisis and what they can do to act.</p> <p>The children all looked at the targets suggested for them by the planner and suggested a number to propose to J.Lumb for discussion and approval. See below for the targets the children suggested.</p>	<p>MS predominantly along with Eco council. Discuss with J Lumb and finalise.</p>

AOB	Since the meeting, and in response to a suggestion t the previous meeting, MS has applied for and been successful in securing some trees for the outdoor area. This will allow all children to plant a tree, one between two, on the school grounds
