Elmer

This week we kicked off our new 'On Safari' topic by starting to explore the **Elmer** stories. Through this story, we had some lovely conversations about looking different and fitting in. We thought about Elmer's beautiful **patchwork** design as we explored nature in forest school this week. Have a look at our gallery on the school website to see more photographs of what we got up to!

In maths this week we have been learning about time. We have learnt the days of the week and have been practising using the vocabulary: **yesterday, today, tomorrow**. We have been sequencing events in our school day and thinking about which events are **longer** and which are **shorter**. It would be great if you could practise some of this vocabulary at home too!

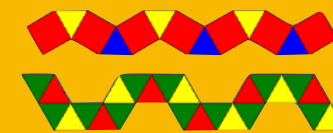

Home Learning

In our RE lessons this half term we are exploring the theme of 'Special Places'. Have a little chat at home about places that are special to you. These might be places of religious worship or they might be other places that hold significance to you as a family. We would love to see photographs or hear you talk about your special place on Seesaw.

Next week

Next week we are going to read some more stories from the Elmer collection. We are going to be doing a lot of activities linked to these stories that help us to practise our oracy skills.

In our maths lessons we are going to be talking about and creating our own repeating patterns.

Reminders

A few reminders for the Summer Term...

- Please can we ask that all sunhats are clearly labelled with your child's name
- Children do not need to bring in their own sunscreen. We have a class supply that we use for all of the children.
