The Little Red Hen

This week our special story has been '**The Little Red Hen**'. The children have learnt how to retell this story using actions and a special drawing called a **story map**. You could ask your child if they can tell you the story at home!

In the story, the Little Red Hen collects some **wheat** and takes it to the **mill** to be ground into **flour**. She then uses the flour to bake some **bread**. This inspired us to make our very own bread rolls! The children did a super job of mixing the **ingredients** and kneading the **dough**. There has been a delicious smell of bread in the Unit all week!

Teens numbers

Next week in our maths lessons we are going to be focusing on the teens numbers **11-19**. It would be great if you could encourage your child to look out for these numbers when they are out and about - house numbers, bus numbers and car registration plates are great places to look!

Repetition and **practise** is key when it comes to recalling these numbers. Please also help your child to remember that it is important that the number 1 comes first.

There are also some fab episodes of **Numberblocks** that focus on these numbers!

Book Drop

Last term all children came home with a copy of our 'Book Drop' book, 'What Happened to You?' This was a special book for the children to keep. We would love it if you could scan this QR code and complete the questionnaire all about the book with your child. Thank you! 😊
