Who's been eating my porridge?!

This week we have been reading '**Goldilocks and the three Bears**'. The children have done an amazing job of retelling the story in our role play and small world areas. They have had lots of fun pretending to be the different bears! We explored using different tools to make marks on paper and made some very cute bear pictures using a fork in some paint! The children enjoyed singing a Goldilocks song - you could also watch it home!

<https://youtu.be/VxEk-tl-GUQ?feature=shared>

Next week we will be moving on to our final traditional story, '**Jack and the Beanstalk**'.

Square Rectangle

Next week we are going to be exploring 2D and 3D shapes. We would really appreciate any **donations** of **junk modelling** resources - cardboard boxes, egg boxes, cardboard tubes, milk lids, yoghurt pots etc. These will help us explore lots of mathematical language next week!

Oblong Rectangle

We are going to be exposing the children to some new mathematical vocabulary linked to 2D shape. The children will learn to use the names '**square rectangle**' and '**oblong rectangle**' to describe these. Reinforcement of this language at home would be amazing!
