

Grid Method

- Use the grid method to do the following multiplications.

- For example: $14 \times 6 = 84$

	10	4	
6	60	24	84

1. $17 \times 5 =$

--	--

2. $18 \times 4 =$

--	--

3. $15 \times 8 =$

--	--

4. $23 \times 4 =$

--	--

5. $32 \times 3 =$

--	--

- Why wouldn't you use the grid method for:
 - 14×10 ?
 - 30×5 ?
- How would you do these calculations?
